### Change from 8.24.3 to 8.24.50.1

- Update WHQL kits from DTM 5.3 to WLK 1.0 beta
- Change to the Reported Driver Version Identifier

## Change to the Reported Driver Version Identifier

Future drivers will report a modified version of the actual ATI Driver Version number in the “Driver Version” field. The mapping between the actual Driver Version and what is displayed in the “Driver Version” field will be as follows:

<u>Release #</u>	<u>Driver Version displayed</u> <u>(“modified Driver Version”)</u>
8.24.50.1	8.240.50.1000
8.24.50.2	8.240.50.2000
8.24.50.3	8.240.50.3000
